## CHRONOLOGY OF EVENTS

### 1000 LUCERNE

#### LAND PURCHASE

#### 2019

NOVEMBER

SAJO acquired the Beth-El site November 19, 2019 following several meetings with TMR whereby the director general had confirmed that a residential redevelopment of the site could proceed.

Following many interactions

with TMR administration, a series of development criteria were confirmed and a preliminary project was favorably received.

1

#### INITIAL PROPOSAL

#### 2020

NOVEMBER

Project criteria outlining the scope & design of the redevelopment was submitted to TMR administration and Urban Planning covering setbacks, site coverage, heights, orientation, public park and architectural design.

#### DEVELOPMENT APPROACH

#### 2021

JANUARY

Confirmation received from council that the parameters outlined for the development were approved and an official letter to this effect was issued, (avis favorable).

2

3.1

FEBRUARY

A summary of the approved design was submitted to the administration and Urban Planning reconfirming the exact parameters by which the project would be elaborated.

To be certain of the orientation of the resulting design and the positioning of the public park, 3 site planning options were provided.

Confirmation was received from council regarding the site planning option selected (option 2) - park on the right of 12,000 sq.ft.

## CHRONOLOGY OF EVENTS 1000 LUCERNE

3.2

MARCH

Synopsis of a meeting held with Urban Planning and our architects (FRW) was issued confirming precisely what documents were required for the zoning modification and the approval of the demolition of the existing building. A calendar of events leading up to an official approval was also reviewed.

3.3

MAY

All files needed for the zoning amendment and approval process were submitted to TMR as per the requirements applicable. A review of the files was held with Urban Planning to confirm that all was received as needed.

3.4

AUGUST

A public meeting and project presentation was held

whereby the project was presented to the neighbours.

A subsequent meeting was held with Urban Planning to

confirm what comments received during the public

meeting must be responded to and how this information

is to be provided as modifications or adjustments to the project

3.5

SEPTEMBER

A detailed response to the comments received was provided along with a revised set of project documents including, street scapes, site plan, calculations and elevations.

TMR administration stating that the project will not move forward until after the elections.

3.6

NOVEMBER

New council and Mayor were elected
